

SEALERS PROTEST

British Sealers are Interfered With By Japanese.

NOT ALLOWED FIRE ARMS

Claim That Japanese Pay No Attention to Sixty-Mile Zone and Hunt With Fire Arms Within Prescribed Limits.

VICTORIA, B. C., Oct. 3.—In consequence of the interference with their business in Behring Sea by Japanese vessels, a large fleet of which were in the sea this season, hunting within the prescribed limits and using firearms, the British Columbia Sealers are to present a protest to the imperial government. The British Columbia sealers are bound by the terms of the modus vivendi to remain outside a sixty-mile zone and use spears only to take seals. The sealers claim the use of firearms by the Japanese makes the seals so restless that it is only with great difficulty that they can be taken with spears. Some of the Japanese schooners were ordered, when leaving their home ports, to bring their catches to Victoria for shipment to London, according to letters received from Yokohama, but will probably change their plan as a result of the raids of July last at St. Paul Island.

WAS SUICIDE.

NEW YORK, Oct. 3.—Members of the family and business representatives of Albert J. Adams, who was found dead Monday with a bullet wound in the head declared yesterday that after a full and careful investigation they were of the belief that not a single factor or circumstance warranted any suspicion or theory of murder. Information coming to them showed that Mr. Adams had given way to depression within the last week, although he had concealed that fact from his family, and it was all due to the unfavorable turn taken by diabetes, with which he had long been afflicted.

THE TEMPS IS RIGHT.

PARIS, Oct. 3.—In an editorial article this morning the Temps deprecates the insinuation of French newspapers against the motives of the intervention of the United States in Cuba. The paper voices high praise of Secretary Taft and expresses profound respect for the sentiments which inspired President Roosevelt's course of action. Nevertheless, the Temps regards the peace which the United States assuredly will bring to Cuba as only temporary and as a postponement only from the ultimate solution of the Cuban problem.

BIG PURCHASE OF STAMPS.

NEW YORK, Oct. 3.—A morning paper states that Superintendent of Insurance Otto Kelsey learned yesterday of a purchase by the Mutual Insurance company last week of \$11,000 worth of 2-cent stamps. They were not secured direct from the postoffice by the company, but the deal was put through with a stationer. The latter got the stamps at the postoffice and sent the check he had received from the Mutual Life to Postmaster Wilcox.

What Superintendent Kelsey wants to find out and what the Mutual will be called upon to explain is the purpose for which these stamps are to be used. The superintendent of insurance has been advised that if the company is to use these stamps to send out campaign literature furthering the interest of the administrations' ticket, the policyholders' money is being used in a wrong manner.

UNKNOWN STEAMER SINKS.

NEW ORLEANS, Oct. 3.—Reports reached here last night that a freight steamer foundered in the Gulf of Mexico during the hurricane. The report was made by the members of the crew of the barkentine Jennie Hurlburt, who said they could not make out the freighter's name, nor what was the matter with her, but that the crew went down with the steamer. The Jennie Hurlburt was wrecked.

RIVAL UNIONS FIGHT.

Chicago is the Battle Ground for Warring Tradesmen.

CHICAGO, Oct. 3.—A fight between the Brotherhood of Carpenters and the Amalgamated Woodworkers' International Union, with Chicago as the prin-

cipal battleground, threatens to close many mills in Chicago, and throw more than 3,000 workmen out of employment. Each organization is determined to exterminate the other and the employers have found themselves caught between the two mill stones.

As a preliminary skirmish in the warfare thirty odd workers were called out on strike yesterday at the plant of the Kinzie Manufacturing company.

Carpenters employed by the Brunswick-Balke-Collender company have been ordered on strike, but woodworkers are engineering to fill their places.

BOMB MARKET DISTURBED.

KHARKOV, Oct. 3.—The police have discovered a bomb factory in the outskirts of the city. They took possession of two filled and sixty unfilled bombs and a quantity of other explosives and secured information leading to the discovery of other laboratories, where four more bombs were seized. Two arrests were made. One of the prisoners is a Sevastopol sailor who escaped from prison where he was being held on the charge of participation in the recent mutiny.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Astoria People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Astoria.

J. Pederson, longshoreman, living at 613 Commercial St., Astoria, Oregon, says: "For twenty years I was afflicted in one way or another with kidney trouble, suffered a great deal of pain in the small of the back and was continually tired and nervous. I had occasional headaches and also a blurring of the eyesight. Every time I took cold it settled in the kidney and added to my troubles, the secretions at such times being irregular and containing sediment. My rest was much disturbed at night on this account. I began taking Doan's Kidney Pills, procured at Charles Rogers' drug store, and found unexpected relief, for which I am very thankful."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

RATTLING SHOOTING

Battleship Missouri Hits Target Every Time.

PRESIDENT IS WELL PLEASED

For More Than a Year Every Shot Fired by the Missouri Has Struck The Target.

NEW YORK, Oct. 3.—Stories brought ashore by United States sailors at Provincetown, Mass., a dispatch to the World declares, are to the effect that President Roosevelt was enthusiastic over the fine showing made by the gunners of the battleship Missouri in target practice. The showing made with the big guns was especially pleasing to him.

Two 12-inch guns were fired at target No. 1 four shots each, and every shot scored a hit, the whole eight being fired in three and one-half minutes.

President Roosevelt was standing where he could plainly see the shots in their flight and see them hit the target. As the shells one after another struck the target he would bring his right fist into the palm of the left hand as though he were striking it a blow and exclaim, "Bully! That's great! Now isn't that fine! Another right through!"

When the eight shots had punched its huge hole right under the bull's eye, the President cried, "Eight shots, and every one right square through the target! It's wonder! And 12-inch at that."

Mr. Roosevelt learned that for more than a year every 12-inch shot fired on the Missouri has struck the target.

SELF-EXPLANATORY.

"Editor Astorian: Will you, through the columns of your paper, please allow me to thank the Oregon Daily Journal and the Astoria Budget for their kindness in informing me of my daughter's marriage. But it so happens that Ella Messenger went to Oregon City, with the full knowledge, confidence and well wishes of her people."
—MINNIE MESSENGER-POTTER.

Where Kit Marlowe Was Buried.
St. Nicholas, Deptford, possesses richer literary, artistic and naval associations than most churches of the river side. It was the parish church of John Evelyn and his tenant, Peter the Great, who delighted to make the parson drunk, as well as of a long line of naval heroes. One of the many historic monuments quaintly commemorates Peter Pett, "the Noah of his age," who invented the frigate. A weird wood carving, representing the prophet Ezekiel in the valley of dry bones, is by Grilling Gibbons, who was "discovered" here by Evelyn. The parish register records the burial of Christopher Marlowe, "slaine by Francis Archer" on June 1, 1593.—Westminster Gazette.

A MOST WORTHY ARTICLE.

When an article has been on the market for years and gains friends every year, it is safe to call this medicine a worthy one. Such is Ballard's Horehound Syrup. It positively cures coughs, and all Pulmonary diseases. One of the best known merchants in Mobile, Ala., says:

"For five years my family has not been troubled with the winter coughs; we owe this to Ballard's Horehound Syrup. I know it has saved my children from many 'sick spells.' Hart's drug store.

Repressed Sentiments.

People who marry always hear good wishes, congratulations and other pleasant remarks, but they miss much in not hearing the repressed sentiments which burst forth to others. A woman who recently received a wedding announcement from a friend was heard to exclaim in tones of disgust, "What a willful disregard of the manifestation of Providence when she was so plainly intended for an old maid!"

NAPOLEON BONAPARTE

showed, at the battle of Austerlitz, he was the greatest leader in the world. Ballard's Snow Liniment has shown the public it is the best Liniment in the world. A quick cure for Rheumatism, Sprains, Burns, Cuts, etc. A. C. Pitts, Rodessa, La., says: "I use Ballard's Snow Liniment in my family and find it unexcelled for sore chest, headache, corns, in fact for anything that can be reached by a liniment." Hart's drug store.

Mistaken Identity.

"I just dropped in again today," said the lady, "to see those lovely sideboards you had last week."
"Not me, ma'am," replied the callow furniture salesman. "I ain't never been able to raise even a mustache."—Philadelphia Press.

There is nothing that takes away the beautiful, womanly charms like a plodding, stooped, awkward carriage. There is absolutely no excuse for that as long as Hollister's Rocky Mountain Tea is made. Tea or Tablets, 35 cents. For sale by Frank Hart.

Bitter.

"I never was so happy before," said the new Benedict. "Marriage has made a different man of me."
"I'm glad to hear it," said his rival, "for your wife's sake."—Boston Transcript.
